Here's Your Handy Reader's Guide To Fleet Owner Stories for 1960

A

Accounting
Computer spots costs, points to better profits May 68
Duplicating bills by offset cuts costs in half July 67
Three proposed accounting rules and how they affect trucking Apr 96
Advertising see *Sales Promotion*
Air Suspension see *Suspension*

Appearance Maintenance
Pre-coated steel for fleet Feb 153

Associations
Association index Mar 216
Fleetman's "Dream Meeting"—1961 conference program announced Oct 250
National Fleet Maintenance Conference coming Nov 98

Awards
Color Design Efficiency Awards for 1960 Oct 107
Fleet Owner's 1960 contests—Now's the time to enter Feb 68
Fleet Owner 1960 Efficiency Awards Oct 75
Fleet Owner wins '59 safety award May 225
Fleetman's "Dream Meeting"—1961 Conference program announced Oct 250
Maintenance Efficiency Awards for 1960 Oct 76
Management Development Awards for 1960 Oct 84
Transit bus winners receive M.E. pennants at ATA meeting Dec 86

Axles
Motor bus axle specifications Mar 320
Axles see also *Transmission*

B

Brakes
Exhaust brakes: special report Feb 72
Multiple disk brake that's cooled with oil Jan 129
100,000 miles of performance data on brakes May 222
"Park safe" brake control Dec 180
Second brake pedal cuts emergency reaction time May 117
Truck and tractor brake specifications Mar 298

Buses
Bus industry data Mar 134
Engine specification Mar 318
500 skid tests of bus tires on wet pavement Nov 102
Ford's Levacar—interview with D. J. Jay Apr 108
General specifications Mar 306
Intercity passenger traffic—Decade of decision report Jan 70
Niagara Frontier Transit will build its own new buses Oct 272
Ohio Valley Bus Co. big bus buildup makes purchase exciting news May 143
"Tracer" keeps buses on schedule Aug 184

C

Claims
Claims-prevention program Sept 81
Cleaning see *Appearance Maintenance*
Clutches see *Transmissions*

Color
Color Design efficiency Awards for 1960 Oct 107
Fleet Owner's Color and Design contest—Now's the time to enter Feb 68

Communications
Closed-circuit TV monitors two docks Sept 66
Electronic recorder takes orders from shippers Nov 210
Map to better communications Sept 107
Mobile radio today: report Dec 61
Roadside sending station powered by solar energy July 121
Telescriber—"electronic longhand" cuts cost of pickup Aug 133
Transistorized 2-way radio Aug 83
Two-way voice communications system at Gateway July 38

Computers
Computer spots costs, points to better profits May 68
Computerized diagnosis system for controlled maintenance Oct 205
Vehicle selection with "computer-road-test" June 96

Construction
Two bridges expanded to take double load—one adds new bus depot June 210
Utility trucks cut costs of powerline work Aug 124

Containerization
Containers for LTL cut turn-around time Aug 84
Weld-O-Van metal containers—flatbed plus new containers equal moving van Mar 269

Cooling Systems
Antifreeze can be used safely for 5 years May 102
Dowgard fluid—nearest thing to a sealed cooling system Feb 70
End overheating on hills July 46
Truck lube and coolant capacities Mar 280

D

Drivers
Driver testing laboratory July 178
Fuel costs too high? "Cowboy" drivers may be the cause Nov 108
Georgia Motor Trucking Assn. mobile lab tests driver efficiency May 65
ICC offers new proposals for miles and hours of service Sept 182
Stopping distances—drivers testing program Apr 64

E

Economics
Bus industry data Mar 134
Claims-prevention Sept 81
Combination truck-air freight expands Sept 96
Computer spots costs, points to better profits May 68
Does coordination answer transporta-

Shop Kinks of 1960

A complete rundown of major Shop Kinks appearing in 1960, listed according to month.

Jan 146: Motorized painting stand . . . Brake return spring tool . . . Parts washer . . . Axle clamp . . . Parts board . . . Dip stick . . . Generator carrier.

Feb 90: Wire storage and parts bench . . . Grease fitting for clutch yoke . . . Glad hand adapter . . . Lock for push-type bus doors . . . Transmission lift . . . Portable pump.

April 138: Mobile scaffolding platform . . . Cure for tangled test leads . . . Boring tool for brakepin anchors . . . Installing boots on bus control cables . . . Emergency diesel supply.

May 136: Air brake assist . . . Taillight board for tractor being piggybacked . . . Trailer light tester . . . T-handle wrench . . . Radiator tank clamp . . . Puller for Dodge transmission work.

June 144: See-through cover for carburetor float bowl . . . Fifth-wheel lift . . . Air filter washer . . . Special carburetor studs . . . Pit drain pan.

July 114: Tank truck line strainer . . . Generator cart . . . Water trap for compressed air system . . . Lapping machine for grinding diesel injection nozzles . . . Piston ring equalizer . . . Special bolt for West Coast mirrors.

Aug 112: Trailer light tester . . . Wheel aligner for tandem axle . . . License bracket . . . Crankcase drain for reefer unit . . . Transmission shift cover . . . How to stop engine sputter.

Sep 94: Correcting clutch pedal play . . . Removing axle stub . . . How to cure shift linkage play . . . Work bench light . . . Spring compressor.

Nov 132: Checking diesel injectors . . . Oil filler for transmission and rear axles . . . Exhaust pipe clamp . . . Rear main bearing oil seal expander . . . Parts cleaning tanks . . . Soldering battery terminals.

Dec 132: Panel stand for paint shop . . . Oil seal disassembly jig . . . Hand truck with special brackets for air tools . . . Correcting U-joint angularity . . . Dump truck crane . . . Latch for overhead van or trailer doors.

Truck torque-wrench specifications Mar 290
Truck and tractor brake specifications Mar 298
Truck tune-up specification data Mar 246

Storage
Air-inflated building—temporary storage for tires May 141
Giant plastic drum collapses to 12 inches high Oct 121
Simple "crib" method helps fleet operator clear up overages Aug 102

Suspension
Mercury offers new suspension system Nov 180

T

Taxation
Fight 1c fuel tax, government waste, all fleetmen urged Feb 38
How tax change would affect trucking Apr 96
Will tax on diesel top gas tax? Sept 199

Television
Closed-circuit TV monitors two docks Sept 66

Terminals
Adjustment ramps hike man-hour output at ATL Dec 69
Garrett Freightlines' west coast terminal uses new loading, weighing equipment June 187
How to pick a location for centralized maintenance Nov 89
Simple "crib" method helps fleet operator clear up overages Aug 102
Spector's new terminal features best in handling Feb 63
Terminal design and location: Decacde of decision report Jan 71
Trends in fleet operations: report Oct 192
What shape—the terminal of tomorrow? Apr 132

Testing
Bus-tires—500 skid tests on wet pavement Nov 102

"Computer-road-test" points way to better vehicle selection June 96
Driver testing laboratory July 178
Georgia Motor Trucking Assn. mobile lab tests driver efficiency May 65
High-speed track aids tire research May 216
How tank surge affects braking June 182
New machine tests tires at record speeds Apr 102
PIE reports first pay-off for scientific oil tests July 68

Tires

Bus-tires—500 skid tests on wet pavement Nov 102
Fleetmen report on tire practices: report June 69
High-speed track aids tire research May 216
New machine tests Apr 102
Retreading—is your program paying off the way it should? Apr 72
Synthetic rubber for camelback retreading July 104
Three 11-ft retreads at once May 188
What you can expect in the 60's June 228

Training

Driver testing laboratory July 178
